Send an inquiry

Due to many requests, we are bringing back the MASTER-10 series! MASTER-10 series is suitable for particularly low concentrations of Brix 10% or less, such as tomato juice, vegetables, soups, cleaning solutions and cutting oil. MASTER-10M is made of metal and MASTER-10PM is made of resin. For samples containing salt and acid, please choose a resin model.

Specifications

Model	MASTER-10M
Cat.No.	2373
